

# Electronic Wire & Cable

Providing trusted products and solutions for electrical and communications applications where dependability and performance are essential. Stocked in an array of specialty types, our Electronic Wire & Cable offers to keep you connected.

When you need connectivity and reliability...

Call ECS - your wire & cable specialists.

### Hook-up Wire

ECS carries a wide selection of Equipment & Hook-up wires. These wires are typically used for internal wiring for appliances or electronic and electrical equipment without movement or mechanical damage.

### Station Z

ECS offers an assortment of Station Z wires in a variety of colours. These wires are typically used for intercom, security and alarm system applications in residential and commercial settings.

### Coaxial Cable

ECS offers a broad range of Coaxial cables. Most common uses include high frequency transmission lines, such as CCTV, CATV, HDTV and SATV.

### Electronic Wire

ECS offers a variety of audio, communication, instrumentation and control cables for a selection of applications. Cables are manufactured to both CSA and CUL listings and are FT4/CMR rated. Available in a number of AWG sizes, pairings, dimensions, jackets/insulation materials and shielding.

### Plenum Cables

ECS offers a line of Plenum rated cables for audio, low voltage control, computer and communications applications. Cables are manufactured to both CSA and CUL listings and are FT6/CMP rated. Available in a number of AWG sizes, conductors, pairs and shielding.

The industry's choice for cabling solutions coast to coast.
